Discussion on new policy on Habitual or Vexatious Complaints Policy.

The Clerk opened discussion by asking to discuss the policy of Habitual or Vexatious Complaints shared at the May Ordinary Meeting and read through the key points of the Policy.

V. Chair Cllr A. J. Evans felt that the Policy already in place could cover the Council in event of a challenge by having two similar policies in place. The Chair Cllr J. W. Tandy felt the policy in question namely the Unacceptable Behaviours Policy was more aimed at Councillors. V. Chair Cllr A. J. Evans read out a passage and felt that it could be read as both public and councillors.

The Clerk proposed that he review both policies and report to the Ordinary Meeting in July this was accepted and it was **recommended** that the Clerk report his finding in the July Ordinary Meeting.

The Clerk reported that he had recently been trying to get three tenders for water testing in the council's facilities but had only got one reply.

The V. Chair asked in the circumstances that we accept the fact that the process had been put out and only one reply received, Cllr A. Jones was concerned that councillors were being asked to make a decision without seeing the tender, the Chair Cllr J. W. Tandy intervened and expressed his view that Council does not normally see all the information relating to tenders.

Cllr A. Jones asked that the tender be shared with the committee and that it could be put before the next Ordinary Meeting for resolution.

It as **recommended** that the Clerk share the tender and the Ordinary Committee be presented with the information as part of the minutes for resolution.

752.

Discussion on new Policies to be looked at in 2025/26

The Chair wanted to raise one particular policy on data storage and document sharing when emails send out multiple documents that have to be stored on computer server which was not in line with a 'green' way of doing our administrative work.

Cllr R. A. Davies felt that as long as documents were still easy to access that it seemed feasible, Cllr D. W. Hopkins felt that the council's effect on the environment with this move was minimal and that it was unnecessary.

Cllr A. Jones said that he understood the principle behind it but felt that more detail be put together to allow an informed decision, Cllr R. A. Jones asked that the idea be looked at in more detail and reported to the next Ordinary Meeting.

It was **recommended** the Chair work with the Clerk to out a proposal together for the next Ordinary Meeting.

It was **recommended** to include this in the minutes.

The Chair offered an update after passing the quarterly timesheets for both members of staff and he had found that the Administrative Officer was working more hours than the contracted hours, the Clerks hours fluctuated between doing less in some months and more in others.

The Chair proposed that the committee ask the Ordinary Meeting to consider adding 2.5 hours a week to the Administrative Officers time taking the weekly hours to 17.5 per week, the Clerk was asked to look at rationalising his working pattern and delegate some work to reduce his hours. The Chair felt as a responsible employer this could not be ignored.
